(Re Khmer Freedom Movement Casts)

This comment apparently is intended to clarify the question in Phnom Penh and, appearing in REALITES CAMBODGIENNES, probably has the approval of the Prince. The newspaper is semiofficial.

The Confidential column reportedly is written by or for the editor of the newspaper, and is written in a breezy, informal style, which accounts for the manner in which this subject is presented.

This will be published in today's Daily Report.
